

## PART ONE OF THE SIGNS OF A MYSTERY

December 1940 - The Second World War has been raging across Europe for over a year. Britain stands alone as German submarines patrol the North Atlantic in an attempt to cut the island off from vital supplies, and German bombers conduct nightly air raids on British cities. There are fears of an invasion, and the fighting is about to escalate. Then, a German submarine and its crew vanish under mysterious circumstances.

Fifty years later, the conflict finally seems over, as the Cold War comes to an end. Walls are being broken down. People who were separated for decades are brought back together. And things that have lain hidden surface again.

For Siobhán Dannreuther, her grandparents past is distant history, when a research project on Antarctica provides her with a welcome opportunity to escape the dreary winter of the British Isles and the aftermath of a brutal murder. It promises to be a perfectly normal adventure.
